

FBINT

Flush Box Intumescent Pads are designed to be installed into metal flush boxes installed in hollow fire rated walls.

SUITABLE FOR FITTING TO:

- > Plasterboard walls

FEATURES:

- > Totally unaffected by water
- > Low profile pad with minimal impact on space
- > Easy to install

INSTALLATION INSTRUCTIONS:

1. Fix flush box to framing and to relevant detail (opposite).
2. Firmly insert FBINT with adhesive against back of flush box.
3. Finish installation of wiring and fix face plate.

PLASTERBOARD WALL TEST RESULTS:
